¡No coloque artículos de desechos domésticos peligrosos (HHW, por sus siglas en inglés) en NINGUNO de los contenedores de recolección de EDCO!
Consulte edcodisposal.com, bajo Centro de Recursos para soluciones de eliminación de HHW y artículos especiales.

Todos los recipientes de alimentos y bebidas deben estar **VACÍOS**: ningún/mínimo residuo de alimentos y ningún resto de líquidos. Las cajas deben romperse y aplanarse para que quepan dentro del contenedor de reciclaje.

No utilice ningún tipo de bolsas de plástico (incluidas las bolsas compostables o biodegradables certificadas) para la recolección o eliminación de cualquier tipo de desechos verdes, desechos de comidas u otros orgánicos, ya que contaminan el digestor anaeróbico.

Todo el material orgánico debe colocarse suelto dentro del contenedor verde para su recolección. Las bolsas de papel son aceptables. Además, no eche piedras con los residuos orgánicos ni en el contenedor verde.
